

# NovaTech Company Policy Document

Information Security, Remote Work & Data Governance

## Section 1: Information Security Policy

NovaTech Solutions maintains a strict zero-trust information security posture. All corporate devices must be registered with Central IT. Passwords must be a minimum of 16 characters in length and include uppercase, lowercase, numeric, and special symbols. Access to production AWS infrastructure requires Hardware Security Key (YubiKey) authentication.

## Section 2: Intellectual Property & Open Source

All software code, machine learning models, training datasets, and technical documentation produced by employees or contractors during their employment remain the exclusive intellectual property of NovaTech Solutions Inc.

Section 3: Remote Work & Security Infographic (Embedded Visual)
